Installment plans

1. Pre-authorized monthly payment from your bank account

- A 3% per installment finance charge applies to all premium processed on the Pre-Authorized Chequing plan.
- You may select any date of the month for your insurance premium withdrawal.
- To calculate your monthly payment, simply divide your insurance premium, plus applicable taxes and finance charge, by 12.
- Your first payment is due 30 days before your policy effective date, therefore the first payment may actually be for an amount totaling 2 - 3 months payment depending on the date your authorization is processed.
- Once your monthly payment plan has been set up, it will continue automatically (unless you inform us otherwise). Any premium changes will be divided equally over your remaining monthly payments, and you will receive a revised invoice and payment schedule.

To enroll in our monthly payment plan, complete, sign and return this form to your broker, along with a sample cheque marked VOID.

2. Multi-payment plan

- Your annual premium is divided into two, three or four equal payments. The first payment is due on the policy effective date. Subsequent payments may be post-dated in 30-day intervals. If you choose any of our post-dated cheque options, please include a \$10.00 service charge with your first payment.
- If you post-date your payments using online/telephone banking, we will waive the \$10.00 service charge.
